

## Product Announcement

### Pro-Ject S2 Power Products

**Bring convenience and greater performance to your S2 Series electronics.**

*Didcot, Oxfordshire – 21<sup>st</sup> February 2019*

Pro-Ject Audio Systems, the Austrian manufacturer of multi-award-winning hi-fi products, are expanding their coveted Box Design range of hi-fi electronics in early 2019, reintroducing popular models and launching new additions with latest-generation aesthetics and technical characteristics. The Power Box S2 (£175.00 SRP) and Accu Box S2 (£215.00 SRP) are brand new additions, overcoming the most common issues associated with external power supplies.

#### **Accu Box S2**

The Accu Box S2 is a high-end, accu-driven power supply designed to deliver, clean power to selected Pro-Ject products. Thanks to its incredible synergy with Pro-Ject's phono products, it can improve your analogue sound system immeasurably when used to power one of the coveted Pro-Ject Phono Box range. There is also a 5V USB output, for some other S2 Series products, such as the popular Pre Box S2 Digital.

Using Accu Box S2 results in a more homogenous and spacious sound with better separation and imaging. The sound will arrive feeling cleaner, delivering a more relaxed listening experience with greater control.

The Accu Box S2 uses five cells of rechargeable Li-Pol batteries with a capacity of 2.5Ah. To ensure a long life for the batteries, it is also designed with over-charge, over-discharge and over-current protection built-in. There are also LED indicators to show the charging and mains status of the box.

The Accu Box S2 is a true high-end offering in the affordable audiophile realm, bringing clean battery power in particular to phono stages that would normally not have such a high-end solution available to them.

**SRP £215.00**

**Accu Box S2 is available now in Black or Silver finish.**

## Power Box S2

The Power Box S2 is an external power supply for up-to three Pro-Ject devices. With a non-switching power supply and superlative power transmission, including DC filtration which improves the overall sound performance; this stylish box can run a clean, optimised mains supply to myriad devices.

With one 15V output for turntables, a 5V output for many S2 devices (including the popular Pre Box S2 Digital), and a 20V output for any S2 amplifier (including Maia S2), the Power Box S2 can reduce your power socket requirements by a third, all while still retaining the stylish look and feel of the rest of the S2 Series.

**SRP £175.00**

Power Box S2 is available now in Black or Silver finish.

## Technical Information

### Accu Box S2

Output Voltage / Current: 1 x 18V / 1A (2.5 mm)  
1 x 5V / 1A (USB A)  
Power Supply: 21V  
Dimensions (W x H x D): 103 x 37 x 106mm  
Weight: 545g (excl. power supply)

### Compatibility List:

#### S2 Series

*Bluetooth Box S2*  
*Pre Box S2 Digital*  
*Pre Box S2 Analogue*  
*DAC Box S2 +*  
*Head Box S2 Digital*  
*Head Box S2*  
*Phono Box S2*  
*Tube Box S2*

#### DS2 Series

*Phono Box DS2*  
*Phono Box DS2 USB*  
*Tube Box DS2*  
*DAC Box DS2 ultra*  
*Pre Box DS2 Digital Head*  
*Box DS2 B*  
*Pre Box DS2 Analogue*

#### Other Series' / Historical Products

*Phono Box*  
*Phono Box USB V*  
*Phono Box USB*  
*Phono Box MM*  
*Optical Box E Phono*  
*Phono Box E*  
*Phono Box E BT*  
*Record Box E*  
*Phono Box S*  
*Tube Box S*  
*Phono Box DS*  
*Phono Box DS+*  
*Tube Box DS*  
*Speed Box DS*  
*Head Box DS*  
*DAC Box DS*

### Power Box S2

Output Voltage / Current: 1 x 20V / 3A (2.1 mm)  
1 x 15V / 500mA (2.1 mm)  
1 x 5V / 1A (USB A)  
Dimensions (W x H x D): 106 x 37 x 103mm  
Weight: 360g (excl. power supply)

### Compatibility List:

**Hi-Fi Electronics:** *Bluetooth Box S2, Pre Box S2 Digital, Pre Box S2 Analogue, DAC Box S2 +, Head Box S2 Digital, Head Box S2, Amp Box S2, Stereo Box S2, Stereo Box S2 BT, Stream Box S2, Maia S2*

**Turntables:** All models with 15V DC power supply (excl. Xtension and Signature Series models)

### About Pro-Ject Audio Systems

*Pro-Ject Audio Systems* are widely recognised as one of the finest turntable manufacturers in the world. Their mission is simply to produce the best sounding analogue components at the most competitive prices possible. The current range spans a huge variety of price points, with a variety of products targeted to key demographics or to accommodate any of the modern listener's unique requirements.

Based in the Austrian countryside, Pro-Ject Audio Systems use specialised manufacturing partners to produce all their products, and the entire turntable range is assembled with great skill, care and attention in the Czech Republic.

### About Henley Audio

Henley Audio has been importing and distributing industry-leading hi-fi equipment to the UK and Ireland since 1997. With a passion for great sound and a firm focus on brand integrity, we work to deliver excellence in both product and service.

Formed as the result of a management buy-out of Ortofon UK, Henley Designs Ltd. (trading as Henley Audio) operates in-house sales, marketing, service, support and warehouse teams in order to offer the full turn-key solution for suppliers. The brands we represent are not only highly-regarded in their own right, but they also share a symbiotic relationship with other brands in our portfolio.
