

## Cabasse PEARL PELEGRINA connected active stereo speaker system launches in the UK

***Marking its 70th anniversary, Cabasse unveils the PEARL PELEGRINA, the latest addition to the French maker's stunning collection of potently powered, connected speaker systems***

Cabasse announces the PEARL PELEGRINA. As early as 2013, Cabasse positioned itself as a leader in creating and developing connected speakers. It desired to offer a flagship system to the high-end connected audio market, in much the same way as its offering of the fabulous [La Sphère](#) audio system to the active speaker market in 2006.

The PEARL PELEGRINA fulfils that early aspiration and marks the French company's 70th anniversary. This luxurious stereo system is the flagship of Cabasse's PEARL connected speaker line – the market's broadest range of high-end connected speakers – blending the company's finest technologies to deliver an exceptional listening experience.

A beautifully designed limited-edition speaker, the PEARL PELEGRINA features exclusive materials and a luxurious finish to provide the ultimate immersive acoustic experience. Conceived, designed and custom-built by the brand's team in Brittany (north-western France), it stands almost 130cm tall, with its sphere and base measuring 48cm in diameter.

Brand fans may well recognize the Lissajous curve stand, the famous figure named after the physicist who 'made sound visible', and the logo accompanying Cabasse since its inception. Like all speakers in the PEARL COLLECTION, the PEARL PELEGRINA features a custom cut polished mirror metal band that circles its sphere.

The Cabasse PELEGRINA electronics are out of sight, having been ultra-miniaturized and concealed in the base. Each speaker pair bears numbered plates to identity this special limited edition. Cabasse will create 70 pairs of the PELEGRINA, offering a lifetime warranty (on the speakers) for the first buyer. Each PEARL PELEGRINA package includes:

- A Cabasse-branded protective cover
- Bluetooth remote
- Brand book
- Brushed aluminium numbered plaques on each of the 70 pairs (70-year limited edition)
- CRCS calibration (integrated microphone)
- Four brushed aluminium spikes
- StreamCONTROL application
- Please [click here for full technical details](#)

Henley Audio exclusively distributes Cabasse in the UK and the ROI. The Cabasse PEARL PELEGRINA, available in black or white, launches in October 2021 in the UK and the ROI, priced £22,599.00 (RRP per pair) and €25,000 (RRP per pair), respectively.

### **About Cabasse**

Cabasse, a French company founded in 1950 by Georges Cabasse, has always been committed in its quest for perfect sound and music reproduction without any alteration, colouration, or distortion. Driven by research and the desire to innovate constantly, Cabasse invented and developed coaxial loudspeaker technology. This technology makes it possible to house several loudspeakers in a small space, to offer music lovers and enthusiasts the essence and thrill of pure sound.

Cabasse was acquired by Cabasse Group in 2014 (formerly AwoX Group), a pure player of connected technologies and objects dedicated to the Smart Home, a pioneer in DLNA/UPnP and an expert in streaming technology. The company has developed a complete range of high-resolution streaming products combining the best streaming software technologies with ultimate acoustics to become a leader in the dynamic high-end audio streaming market.

### **About Henley Audio**

Henley Audio has been importing and distributing industry-leading hi-fi equipment to the UK and Ireland since 1997. With a passion for great sound and a firm focus on brand integrity, we work to deliver excellence in both product and service.

Formed as the result of a management buy-out of Ortofon UK, Henley Designs Ltd. (trading as Henley Audio) operates in-house sales, marketing, service, support, and warehouse teams to offer the full turn-key solution for suppliers. The brands we represent are not only highly regarded in their own right, but they also share a symbiotic relationship with other brands in our portfolio.
