

MUSICAL FIDELITY

Nu-Vista 600 Integrated Amplifier

Nu-Vista 600 is a superlative, 200 watts per channel super integrated amplifier

Nuvistor tubes were invented in the 1950s to solve the many shortcomings of conventional tubes. Unlike them, Nuvistor tubes offer very high reliability, low microphony, low noise, consistency from batch to batch, small size, relatively low power consumption and great technical performance.

Unfortunately just as uses for Nuvistor tubes were being explored, the transistor was invented and it was 'game over' for Nuvistors.

There the matter rested until about fifteen years ago, when Musical Fidelity created the first of its ground-breaking Nu-Vista series. These legendary, limited-edition products sold out in a matter of months. Today, fifteen years later, they command very high second-hand prices because of their beautiful sound, build quality, and longevity

Nuvistor tubes plus SMD technology = innovation

Never before in the history of hi-fi have Nuvistor tubes been coupled with state-of-the-art SMD technology and sophisticated modern design techniques. The Nu-Vista 600's technical performance is astonishing.

- More than 200 watts per channel with unconditional stability margins and incredible load driving ability
- Incredibly low distortion over a colossal bandwidth
- Extremely low noise
- Extremely flat frequency response

The Nu-Vista 600 measures like a dream but, more importantly, it sounds incredible. It is silky smooth with enormous transients and an effortless feel that is at once relaxing and involving. Of special note how the Nu-Vista 600 projects images between the loudspeakers so that you can almost touch them.

The new Nu-Vista 600 was a labour of love for Musical Fidelity. We are passionate about what we do and

passionate about Nuvistor tubes. Everyone at Musical Fidelity hopes that you derive as much pleasure listening to the Nu-Vista 600 as we had creating it.

Nu-Vista 600 In Brief

- A work of audio art using our incredible Nu-Vistor circuit
- Five versatile inputs - Balanced XLR, CD, Tuner, 2 x Auxiliary
- Both fixed line and variable pre outputs
- Home Theatre bypass
- 200WPC+
- Total stability margin, will drive any loudspeaker with ease
- Cutting edge technical performance with the magic of Nu-Vistors
- Dual mono power amps with separate preamp
- Superb design, Heroic build quality

MUSICAL FIDELITY

NU-VISTA 600 INTEGRATED AMPLIFIER

SPECIFICATION

Amplifier

Power output: 200 Watts per channel into 8 Ohms
THD (+ noise): <0.005 % typical 20Hz - 20 kHz
Signal to Noise Ratio: >103dB 'A' - weighted
Frequency Response: +0, -0.1dB, 10Hz to 30 kHz

Inputs

4x Line Level RCA / Phono
1x Line Level XLR Balanced

Outputs

1 pair line level RCA connectors, constant level Line outputs
1 pair line level RCA connectors, preamp outputs for e.g. bi-amping

General

Dimensions - WxHxD (mm): 483 x 187* x 510
*212mm on included optional pointed feet
Weight (unpacked / packed): 31 kg/ 47 kg
