6-Speaker System with Immersive Audio

SpinBase MAX 2 packs a powerful 6-speaker system with four 3.5" woofers and two silk dome tweeters, delivering precise bass and clear highs. Its 270° soundstage fills the room with rich, full-range audio - perfect for vinyl, Bluetooth, or other devices.

Powerful Yet Compact

The SpinBase MAX 2 delivers enhanced power while keeping the space-saving footprint of the SpinBase 2. Its slightly taller profile accommodates the 6-speaker array, making it a perfect fit under a turntable or on a media console beneath a mounted TV.

Effortless Control

Take control of your listening experience without even getting up. The SpinBase MAX 2 comes with an easy-to-use IR remote control, so you can adjust volume, switch inputs, and fine-tune bass and treble settings from anywhere in the room.

All Vinyl. No Noise.

Thanks to IsoGroove® Technology, the SpinBase MAX 2 lets you place your turntable directly on the speaker without worrying about feedback or vibrations. Just enjoy pure, uninterrupted sound.

Inputs & Outputs for All Your Needs

The SpinBase MAX 2 features Phono, Line (AUX), Optical, USB, and Bluetooth inputs for seamless connectivity. It supports sub-woofers, powered speakers, and private listening via the Headphone Output.
