WiiM Mini

WiiM Home app

Turn any audio gear smart

1 Connect WiiM Mini to your stereo system

Connect WiiM Mini to your stereo system through **AUX OUT** (not AUX IN) or **SPDIF**. Plug in USB cable to Type-C power port.

Volume up   Play / Pause / Setup   Volume down

AUX IN   AUX OUT   TYPE-C   SPDIF   1 AMIC for MRM sync

Setup – Press/hold play button on the WiiM Mini for 3 seconds or longer.
Restore to factory setting – Press/hold play button on the WiiM Mini for 10 seconds or longer.
Bluetooth pairing – Press/hold volume +&- for 2 seconds or longer.

2 Download the WiiM Home app

Open the WiiM Home app when you're ready to get started. You'll use it to set up and control your WiiM Mini.

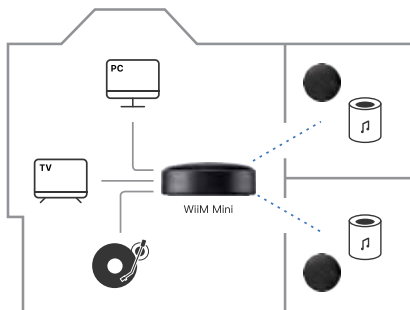

Connect to WiiM Home app

1. Turn on Bluetooth in your device's settings.

2. Back to the WiiM Home app, choose the device you found and tap "**Set up**".

3. Allow the location permission to discover the nearby network to set up the Wi-Fi network for WiiM Mini.

3 Fill your home with music

Stream your favorite music, radio stations through Wi-Fi or Bluetooth. Having multiple WiiM Mini devices, play streaming music the whole house. Or plug in a stereo component—like an amplified turntable, CD player, or MP3 player—and cast music to multiple WiiM Mini connected speakers at once.
